## RENTAL PLAN BOOKS

1. This order form lists all titles which the Curriculum Branch recommended be made available to school systems. **Prescribed Texts, which are subject to 40% discount, are listed in red. All other titles are eligible for 15% discount.**
2. Prescribed texts which may be changed in the next three years are marked (\*). School boards with rental schemes will not be expected to replace these immediately when a new authorization is made, but will be expected to replace the texts over a period of not more than three years.
3. School boards wishing to join the Textbook Rental Plan should write to the School Book Branch for application forms. Please contact the School Book Branch for details.
4. A school board, in order to avail itself of the rental discount of 40%, must rent approved books to students at a rate not to exceed 1/3 of the net cost of books to the board. It does not apply to books purchased for resale.
5. A school board which loans free texts to individual students for their personal use will be deemed to be operating a Rental Plan.

## SPECIAL ORDER SERVICE

The School Book Branch is prepared to special order all supplementary titles listed in the Curriculum Guides which are not regularly stocked by the Branch. Delivery of special-order items normally takes from 3 to 6 weeks. However, during the peak season in July, August and September preference will be given to regular stock orders. Special orders received during these months may be temporarily delayed. So that we may process your special order requirements with a minimum of delay, please ensure that all available information is given. This should include title, series, authors, edition, publisher, etc. **Books purchased on special-order basis are not returnable.**

## ACCESS BOOKS

ACCESS books (Cover to Cover Series) may be ordered from School Book Branch. Please write or phone for price list.

## PRICES

Although subject to change without notice, prices will be maintained, so far as possible, until March 15, 1985.

## SHIPPING

The School Book Branch prepays all shipping charges in Alberta.

## RETURNS

It is expected that school boards and teachers are in a position to determine their needs very accurately. Therefore, the School Book Branch has no provision for a "returns" policy. However, should any customer encounter a problem with surplus books, it is suggested that a request be submitted to the Director of the School Book Branch regarding the possibility or returning the books for credit. No returns will be accepted without prior authorization. Please note that a handling charge of 10%, based on the retail value, will be charged against all returns.

## SHIPPING ERRORS

We take extreme precautions to make certain that books are shipped as ordered. Nevertheless, in spite of our efforts to be accurate, errors may occur. Please check all shipments carefully and report any discrepancies immediately. Do not stamp or mark any books until you are satisfied that the correct title, edition, etc. has been received. **No books will be accepted for adjustment or credit if they have been stamped or otherwise made unsaleable; therefore, carefully check each item before stamping, pricing, etc.**

## USEFUL INFORMATION TO CONSIDER

The following information should be carefully considered before selecting tests:

1. "School personnel planning to undertake assessments of exceptional children and (or) career assessments are advised to adhere to guidelines developed by the publisher's specific tests. Alberta Education is currently reviewing policy, guideline and procedure statements for the effective use of assessment devices. In the interim, please refer any questions to the Guidance Consultants in the Regional Office of Alberta Education in your zone, or to the Special Educational Services Branch (427-2939)."
2. "School personnel should note that some standardized achievement tests do not assess the same content at the same level as contained in the Alberta Education language arts, mathematics and science curriculum. It is suggested that school personnel consider the purpose for assessment and review the subject area content of their particular grade level as well as the content covered in the standardized achievement test prior to selecting the test."
3. School Test Evaluation by the Centre for the Study of Evaluation(CSE), at the University of California at Los Angeles, make use of the Mean Evaluation System for evaluating tests. This system consists of four major categories: Measurement Validity, Examinee Appropriateness, Administrative Usability and Normed Technical Excellences. School Test Evaluation reports and ratings are published by CSE for kindergarten through grade two.
4. Alberta Education Staff can give assistance in the design of testing programs and the selection of tests. School jurisdictions, schools, or teachers planning to initiate, modify, or evaluate standardized testing programs are encouraged to consult the Regional Office of Alberta Education in their zone or the Student Evaluation Branch (Telephone 427-2948).
5. **Discontinuance of Test Scoring Service.**  
**As of June 29, 1984, Alberta Education will no longer provide a Test Scoring Service.** Arrangements are being made to secure scoring service for all tests in this catalogue which use **N.C.S. Answer Sheets**. Further information will be communicated to Alberta School Systems prior to June 29, 1984. For additional information please telephone 427-5739.
